- ✓ On-board Memory
- ✓ Up to 30 Macros
- ✓ Media Shortcut Keys
- ✓ 1000Hz Polling Rate
- ✓ Anti-Slip Rubber Feet
- ✓ On-the-fly Mode Switch

Aprašymas

RGB Backlight Meets aluminium: A Glorious colour Performance

With nine powerful preset lighting effects, you will enjoy Attack X3 RGB's spectacular backlights right upon plugging it in. Control easily and switch easily the backlight effects on the fly with this keyboard's convenient shortcut keys.

In case this wasn't enough, you can create your own backlight effects through the COUGAR UX System to create your own, unique, gaming atmosphere. Unleash your creativity!

Attack X3 RGB's aluminium front plate combines elegance and durability to create an impressive face for this powerful gaming weapon. It doesn't stop there: the RGB backlight reflects on the aluminium to create a glorious visual effect that will transform your gaming experience!

The First and Best Mechanical Switches

Attack X3 RGB brings you the most popular switches for gaming: Cherry MX switches. With a guaranteed lifetime of at least 50 million clicks and unparalleled reliability, the swift response of those switches will allow you to show just how good you are.

N-Key Rollover: Unlimited Accuracy

Games quite often require complex key combinations. Most keyboards on the market have limitations regarding the number of simultaneous keys you can press, with the vast majority being limited to 6 simultaneous keys or less. Attack X3 RGB frees you from any restriction, allowing you to

press any number of keys and always obtain accurate results!

FPS Palm Rest

Gain comfort and improve your performance. Specially designed for FPS (but useful as well for other game genres) this detachable rubber palm support provides a strong grip and just the right height to effortlessly keep your hand in place when you game, in the right position to access the WASD, jump, crouch and weapon/skill keys.

COUGAR UIX™ System

Convenient and intuitive, UIX allows you to easily configure backlight effects, functionality (including macros and shortcuts) and performance. Get the most out of your device with the ultimate gaming device management software!

To minimize the time you spend recording macros and maximizing the time you spend using them, COUGAR's Macro Arsenal: record your macro once and use it again on another COUGAR UIX compatible device, or export individual macros to share with your friends. Enjoy your gaming sessions with this powerful software.

Techninė specifikacija
