- ✓ Vielinis USB
- ✓ Anglis LCD
- ✓ Kabelis

Aprašymas

The all-in-one, versatile racing wheel, featuring a T-HD hybrid Force Feedback system delivering 3.1 N·m of torque, and accompanied by its 3-pedal pedal set. It incorporates a next-generation interface with color LCD screen and LEDs, and stands out thanks to its sporty new design.

Under the hood

VERSATILE RACING WHEEL

T248R is an ergonomic racing wheel featuring a wheel rim 11.0" / 28 cm in diameter, offering excellent handling and accompanied by its magnetic 3-pedal pedal set for a full-featured, immersive experience. It's a versatile, all-in-one solution that's great for all driving styles and gamer profiles.

DYNAMIC FORCE FEEDBACK

T248R features the T-HD (Hybrid Drive) system for powerful, responsive Force Feedback, with 3.1 N·m of torque and 48 W of constant power. Three BOOST levels are available to instantly adjust the Force Feedback intensity according to your preferences and the type of race.

NEXT-GEN INTERFACE

Thanks to its built-in color LCD screen, T248R lets you change the racing wheel’s settings and Force Feedback even right in the middle of a game. With its 20 available displays and 4 LEDs, it provides real-time race information such as speed, engine RPM and lap time.

SPORTY NEW DESIGN

Dominate the track in style with T248R’s sporty new design. Its wheel rim wrapped in perforated leather provides a firm, comfortable grip, and the imitation carbon finishes on its faceplate enhance its aggressive character and look.

CONTROL AND RESPONSIVENESS

Stay in control while you’re racing with the wheel rim’s 25 action buttons, including 2 dual-activation encoders for quick access to controls. Its T-MP paddle shifters use Mag-Shift sensors to ensure instant, precise gear shifting for a super-sporty driving experience.

T3PM PEDAL SET

The T3PM pedal set is equipped with Hall Effect (H.E.A.R.T.) sensors, with zero contact or friction, for reliable, long-lasting precision. It offers 4 adjustable pressure levels on the brake pedal, allowing you to adjust the resistance to suit different driving styles for realistic, high-performance braking.

Techninė specifikacija

Įvesties įrenginys	
Įtaiso tipas	Vairas + pedalai
Palaikoma žaidimo platforma	PC, PlayStation 4, PlayStation 5
Reflekso vibracija	Taip
Jėgos atsakas	Taip
Išskleidimo tipas	Hybrid drive
Magnetinių perjungiklių skaičius	1
Žaidimo valdymo funkcijų klavišai	Mygtukas „Mode“ (režimas), Mygtukas „Menu“ (menu), D formos padėklas
Žaidimo valdymo technologija	Analoginis / skaitmeninis
Holo jutiklis	Taip
Ryšys	
Ryšio technologija	Vielinis
Įrenginio sąsaja	USB
Ergonomija	
Produkto spalva	Anglis

Įmontuotas ekranas	Taip
Ekrano technologija	LCD
Vairo medžiaga	Oda
„Plug and Play“ funkcija	Taip
LED indikatoriai	Taip
Energijos valdymas	
Maitinimo šaltinis	Kabelis
Svoris ir matmenys	
Plotis	280 mm
Ilgis	300 mm
Aukštis	280 mm
Svoris	5,7 kg
2 prietaiso plotis	30 cm
2 prietaiso gylis	37 cm
2 prietaiso aukštis	21 cm
Vairo matmenys (plotis x gylis x aukštis)	280 x 280 x 300 mm
Pedalų matmenys (plotis x gylis x aukštis)	300 x 370 x 210 mm
Pakuotės turinys	
Pridedamas vairo pagrindas	Taip
Pridėti kabeliai	USB
Garantijos kortelė	Taip
Instrukcija	Taip
