- ✓ Dark Grey, Light grey
- ✓ 1 pc(s)

Aprašymas

UltraBoard 950 V2

Compact USB-C wired keyboard, allowing you to work in-line anywhere, anytime. With two integrated USB-A ports.

Compact but rich!

Despite its compact size, the UltraBoard 950 V2 is packed with features. It adheres to ergonomic standards outlined in the DIN EN ISO norms for keyboards. The scissor mechanism, 19mm key center distance, and concave keys with dark lettering on a white background ensure comfortable and accurate typing. Additional features include hotkeys, integrated multimedia keys, and status LEDs for efficient workflow.

Better became the best!

The UltraBoard 950 V2 now features USB-C as the standard connection for this wired keyboard, ensuring modern compatibility. Additionally, it includes a USB-A adapter for versatile connections to various devices and ports. The integrated USB-A hubs remain unchanged so you can keep using your preferred input devices.

Improvements in the UltraBoard 950 V2 include enhanced key-to-frame contrast for better visibility, improved key readability for easier navigation, and a frame design that reduces reflections and wear marks. The FN keys have been redesigned to highlight the primary key functions more clearly.

Techninė specifikacija
