Pagrindinės savybės

- ✓ **HUGE STORAGE:** With the USB Type-A RAID enclosure for 2x 3.5" SATA drives you can easily expand your storage capacity. It supports RAID levels 0, 1 and JBOD
- ✓ **FAST DATA ACCESS:** With the eSATA interface, data transfer rates of up to 3 Gbit/s are guaranteed. This means you always have fast access to your hard disks and data
- ✓ **STATUS LED:** Keep an eye on everything at all times! With the status LEDs for operation, fan, interfaces and hard disk access, you always know what's going on in the case
- ✓ **SILENT POWER:** The IB-RD3620SU3 is made of high-quality aluminium for passive heat conduction. Cooling is supported by a quiet, temperature-controlled fan
- ✓ **EASY INSTALLATION:** Plug in and get started - thanks to Plug & Play, the RAID enclosure is immediately ready for use. The HotSwap function also allows the hard disks to be easily swapped

Aprašymas

A good team

It does not matter if you want to connect to a PC or a Mac, all that is needed is just one cable, Usb 3.0 or eSATA, in order to get this dual 3.5" HDD data juggler. The available RAID levels are RAID 0, 1 and JBOD.

A comfortable exchange

The HDDs can be toollessly built into the device and detached from it too. This is achieved by the support for HotSwap and Plug & Play. No additional

driver installation is necessary.

Hear a pin drop

The IB-RD3620U3 is very quiet thanks to the passive heat conduction of the high quality aluminium enclosure. Additionally, a temperature controlled fan is included in the enclosure in order to make sure the cool temperature is held at all times. The fan can be set into three RPM presets.
