Pagrindinės savybės

- ✓ **FOR PLAYSTATION 5:** The IB-M2HS-PS5 was specially designed for the PlayStation 5 and therefore fits perfectly into the memory slot of the PS5
- ✓ **OPTIMAL COOLING:** The PS5 cooler made of solid aluminium is able to optimally absorb and dissipate heat. It has very good thermal conductivity because the cooling material was chosen with care
- ✓ **FOR M.2 SSD:** The heat sink is designed for the most common M.2 SSD design, namely 22x 80 mm. So nothing stands in the way of a desired memory expansion plus cooling upgrade
- ✓ **ALSO FOR GAMING PC:** The heat sink is not only suitable for the PS5, but can also be used on all common M.2 slots on many mainboards. So simply use the cooler wherever it gets hot
- ✓ **EASY AND FAST:** The installation of the cooler is easy and super fast. The necessary accessories are included in the scope of delivery and also include the matching heat conducting pads

Aprašymas

Keep cool!

The M.2 heat sink for your PlayStation® 5 ensures even and reliable heat dissipation and thus offers stable and long-lasting performance while gaming. The optimal cooling also protects the SSD from failure or defect.

Perfect for PlayStation® 5

The dimensions of the heat sink are perfectly matched to the PS5. The installation is very simple and can be done in just a few steps. Even though

the cooler is designed for use in the PlayStation® 5, it can of course also be installed in any gaming PC.

Everything included

The heat sink for M.2 SSDs of size 22x 80 mm also comes with the required thermal pads, which ensure an optimal heat exchange between the M.2 SSD and the all-aluminium heat sink. The necessary accessories for installation are also included in the scope of delivery.

Techninė specifikacija

Specifications	
Sandėlio grupė	System & VGA Coolers [+11][-0]
Features	
Type	Heatsink
Platform	PlayStation 5
Product colour	Black
Material	Aluminium, Silicone
Brand compatibility	Sony
Compatibility	PlayStation 5
