Aprašymas

Matrices are multi-port solutions for distributing content from multiple sources to several displays in a variety of configurations.

The Lindy 4x4 HDMI 4K 60 Matrix is an effective solution for distributing 4K content from up to 4 HDMI source devices, including PCs and media players, to 4 displays.

Supporting 4K@60Hz resolutions, content can be viewed in excellent quality - great for use with digital signage in retail, information display setups in educational buildings or engaging conference installations.

The matrix can be easily controlled with a variety of simple, effective options including push buttons on the main unit, IR or via RS-232 for integration into professional control systems.
