## Pagrindinės savybės

- ✓ Extends HDMI® 2.1 48G signals
- ✓ Supports resolutions up to 7680x4320@60Hz 4:4:4 8bit
- ✓ Dynamic HDR, HDR 10+, HLG, Dolby Vision support for enhanced video performance
- ✓ Minimalistic, compact design with Type C power port

## Aprašymas

The Lindy HDMI® 2.1 48G Repeater is a high end solution for extending high quality HDMI® signals up to distances of 13m (4K60) and 10m (8K60), while ensuring a superior reliable transmission with no degradation. This repeater supports a maximum resolution of 7680x4320@60Hz for superior full colour 8K video quality, and with additional support for HDMI® 2.1 features such as dynamic HDR, DSC, HFR, VRR, ALLM. HDCP pass-through also assures the user that all contents can be played on their display.

Featuring a sleek minimalistic design, the repeater is ideal for use with professional AV/IT setups and home cinema installations that require long length transmissions in limited space environments, or for creating a more discreet installation. The unit can be powered from the HDMI® source device and also via the USB Type C port connecting a 5V charger if needed.
