Aprašymas

Work with All-Day Eye Comfort

You can now ease eye strain from nonstop docs and spreadsheets with BenQ Eye-Care Triple Protection. Enjoy GW2790TC's clean design, sharp visuals, and all-day adaptive eye comfort for great productivity.

Adaptive Eye-Care. Steady Eye Comfort.

You shouldn't have to adjust setting after setting just to protect your eyes. That's why BenQ Eye-Care Monitors come equipped with Triple Eye Protection, with Visual Optimizer, Low Blue Light, and Flicker-Free technology to deliver effortless, all-day eye comfort.

Your Screen Knows the Light

Visual Optimizer (formerly B.I.+), or V.O. for short, puts an end to eye strain. With a built-in sensor that optimizes brightness and color temperature for your environment, BenQ has thought of eye health well beyond just blue light protection. No guesswork, no fiddling—just comfortable viewing, from 9 to 5 and beyond.

Adaptive Comfort, Your Way

The Visual Optimizer (V.O.) Hotkey lets you tweak brightness and color temperature separately—for a screen that feels just right.

We Cut Blue Light, Not Color Quality

BenQ's TÜV-certified Low Blue Light technology protects your eyes during long hours of work, without giving your screen a yellowish tint. You can fine-tune the level to find the right balance, so your work always looks the way it should.

Say Goodbye to Invisible Flicker

Even screens that seem perfectly fine can flicker—too subtle for you to see, but not for your eyes. BenQ's TÜV-certified Flicker-Free technology keeps the screen steady and your eyes comfortable, even during long workdays.

Try Eye-CareU for a Healthier Viewing Experience

Meet Eye-CareU—your screen-time sidekick on the BenQ GW monitor. It helps manage time and lighting with quick controls that keep you focused.

Certified Eye Comfort You Can Trust

Backed by TÜV Rheinland's Eye Comfort 4-Star certification and Eyesafe Certified 2.0 endorsement, the GW2790TC meets strict international standards for visual wellness. It's proof your eyes are in good hands, every hour of the day.

Sharp Images, Gentle on the Eyes

Experience vivid colors and reliable clarity from any angle with the GW2790TC's IPS panel and 99% sRGB color gamut. Its 4-sided ultrathin bezels help you stay focused and comfortable through document edits and multitasking throughout the day.

Streamlined Design, Smarter Workflow

Thoughtfully crafted for a clean desk, efficient connections, and comfortable workdays.

One USB-C Does It All

USB-C simplifies your workflow by transferring data, powering devices, and connecting to your devices with just one cable.

4-sided Ultrathin Bezel Design

Clean lines and a seamless viewing experience enhance focus and eliminate distractions.

Comfort Viewing with Ergonomic Flexibility

The GW2790TC offers more freedom with height, tilt, pivot, and swivel adjustments for a better and more comfortable working experience.

Techninė specifikacija

Display	
Display diagonal	68.6 cm (27")
Display resolution	1920 x 1080 pixels
Native aspect ratio	16:9
Display technology	LCD
Touchscreen	No
HD type	Full HD
Panel type	IPS
Response time	5 ms
Screen shape	Flat
Contrast ratio (typical)	1500:1
Maximum refresh rate	144 Hz
Display number of colours	16.7 million colours
LED backlight	Yes
Display brightness (typical)	300 cd/m²
Response time measurement type	GTG (Gray to Gray)
Display surface	Matt
Supported graphics resolutions	1920 x 1080 (HD 1080)
Supported video modes	1080p
Viewing angle, horizontal	178°
Viewing angle, vertical	178°
Pixel density	82 ppi

Display diagonal (metric)	69 cm
Colour gamut standard	sRGB
sRGB coverage (typical)	99%
