Aprašymas

Enjoy the easy use and high visibility of the Quigo Green cross line laser

Go green all the way with the new generation of Bosch's Quigo Green cross line laser, delivering high visibility and easy handling on DIY projects. With its intense, green cross laser lines, the Quigo Green is the perfect alignment solution for working in very bright lighting conditions. It provides an improved accuracy of +/- 0.6 mm/m and a working range up to 12 m. Quigo Green uses primarily recycled material in housing, accessories and packaging and has optimised energy consumption. For additional convenience, this versatile cross line laser comes with a universal clamp MM 2 and an adapter plate for easy mounting. Both are also made of recycled plastic. The Quigo Green levels itself within a range of +/-4° to ensure straight positioning of mirrors, shelves, or tiles.
