- ✓ Virtually dust-free work thanks to full cover shape and enhanced dust extraction
- ✓ Convenient 360°-connection between angle grinder dust extractor enables easy handling
- ✓ Adjustable cutting depths and integrated wheels support precise workSee technical details

Aprašymas

GDE 230 FC-S Professional: Further information

Product Highlights

The GDE 230 FC-S Professional is Bosch's full cover dust guard for angle grinders with standard protective guards and 230-mm disc diameters. Its full cover shape provides enhanced dust extraction for virtually dust-free work. A convenient 360°-connection between the angle grinder and dust extractor enables easy handling. Adjustable cutting depths and integrated wheels support precise work. The dust guard is compatible with the Bosch Click & Clean System as well as a multitude of angle grinders with standard protective guards.
