Pagrindinės savybės

- ✓ High-Speed-HDMI-Cable with Ethernet (network)
- ✓ Gold plated contacts and shells
- ✓ Superslim cable: Extra thin cable diameter for flexible installation
- ✓ high-density triple-layer shielding for best quality
- ✓ twisted pair cable construction for optimum signal quality
- ✓ transmits HD video and pure audio signals
- ✓ Good conductivity for wonderful signal transmission through copper wires
- ✓ Suppress EMI interference, make the image vivid
- ✓ HDMI Ethernet Channel: Adds highspeed networking in addition to an HDMI connection so that users can use the full advantage of their IP-enabled devices without a separate Netzwerk cables are required (if the devices support HDMI with Ethernet)
- ✓ Audio Return Channel (ARC): Allows an HDMI-connected TV with a built-in TV tuner to send audio data by "upstream" to a surround audio system, whereby a separate audio cable is no longer required

Aprašymas

InLine® High Speed HDMI Cable with Ethernet, AM/DM, super slim, black/gold HDMI 2.0b:

This InLine HDMI cable of specification 2.0b supports Ultra High Definition (UHD) and 4K video transmission at up to 60 frames per second. This

means better picture quality with a wider colour palette and greater contrast range compared to the previous version. This cable is therefore particularly suitable for the playback of high-resolution audio and video content with fast movements. The InLine HDMI cable reliably transmits the signal from suitable HDMI sources such as cable or satellite receivers, streaming devices, games consoles, computers and gaming PCs, AV receivers and cameras to suitable HDMI output devices such as 4k projectors, UHD smart TVs and 4k gaming monitors.

Streaming: Enjoy content from streaming services such as Sky, Dazn, Netflix, Amazon Prime Video or Disney+ via streaming players such as Roku, Amazon Fire TV or Chromecast in 4k@60Hz. You benefit from smoother playback and fewer blurring effects, especially when watching sports broadcasts or action-packed videos.

Gaming: Connect your gaming PC or games consoles such as Playstation 4 Pro, Xbox One S, Xbox or One X to your TV or gaming monitor for a smoother and more responsive gaming experience in 4k@60Hz. You can enjoy an impressive 3D experience via 3D home cinema systems, gaming setups or special applications.

Business: This HDMI cable from InLine is suitable for professional video editing studios, multimedia setups or professional audio/video installations. For live streams, working with computer-aided design (CAD) or animations, a higher refresh rate can improve the accuracy and fluidity of the display.

Gold-plated contacts

The gold-plated plugs improve the conductivity, durability and corrosion resistance of the InLine HDMI cable. The risk of oxidation or corrosion is significantly reduced. This increases the long-term reliability of the connection, e.g. even in environments with higher humidity. Gold-plated contacts adapt better to the connections and are less susceptible to abrasion and damage when plugging and unplugging. In addition, the higher conductivity can improve signal transmission and therefore picture and sound quality, especially over longer cable runs.

Techninė specifikacija

Specifications	
Sandėlio grupė	Desktop > Video Cables & Adapters [+2032][-276]
Features	
Cable length	1.8 m
Connector 1	HDMI Type A (Standard)
Connector 2	HDMI Type D (Micro)
Connector 1 gender	Male
Connector 2 gender	Male
Product colour	Black
Connector contacts plating	Gold
HDMI version	2
3D	Yes
Supported video modes	2160p
Unidirectional	No
Weight & dimensions	
Weight	43 g
Package volume	200 cm ³

Packaging data

Quantity per pack	1 pc(s)
Package width	75 mm
Package depth	115 mm
Package height	18 mm
Package weight	43 g
