Pagrindinės savybės

- ✓ Comply with DisplayPort 1.2
- ✓ 3x shielded
- ✓ Plastic housing
- ✓ Gold plated

Aprašymas

The 3in1 adapter Mini DisplayPort to HDMI/DVI/DisplayPort from LogiLink allows the operation of HDMI/DVI/DisplayPort devices at the mini display port on your notebook or PC's. Supported through the DVI-I HDMI standard, the maximum resolution can be transmitted up to 1080p. Power is provided via the mini DisplayPort. It is for example ideally suited for the operation of projectors, LCD, plasma or LCD TV with HDMI/DVI/DisplayPort connector on one MacBook® and MacBook Pro from Apple.
