Aprašymas

The Lindy Bi-Directional USB Type-C to DisplayPort Cable is the ideal solution for hot-swapping display units or source devices. Designed to deliver reliable and consistent resolutions up to 8K (7680x4320@60Hz) using DSC (Display Stream Compression), it ensures stunning visuals without compromising quality, offering exceptional performance, corrosion resistance, and long-lasting durability.

Due to its bi-directional capability, this versatile cable supports both USB Type-C and DisplayPort displays and source devices, providing maximum flexibility for any display configuration. It is perfect for on-the-go meetings, hot-desking environments, and home office setups where fast connectivity and high-quality visuals are essential. Perfect for classrooms, training rooms, multimedia installations, and creative workflows making it easy to swap between different devices and displays.

With its robust build and high-resolution capabilities, this cable ensures crystal-clear visuals for presentations, content sharing, and immersive viewing experiences.

The Lindy Bi-Directional USB Type C to DisplayPort cable is available in lengths from 1m to 2m.
