Pagrindinės savybės

- ✓ Lauke IP apsaugos kamera
- ✓ CMOS 25,4 / 2,8 mm (1 / 2.8") 3 MP 2304 x 1296 pikseliai
- ✓ Bevielis „Wi-Fi“
- ✓ Naktinis matymas 15 m
- ✓ Skaitmeninis priartinimas: 8x
- ✓ Kulka (forma) Lubos / siena Atsparus vandeniui
- ✓ IP65
- ✓ Balta
- ✓ 180 g

Aprašymas

Imou Cell Go Full Color

The Cell Go Full Color wireless battery camera secures your home in no time. Easily place and install this camera anywhere you want. The camera's 5,000 mAh battery lasts a long time under normal conditions so there is little to worry about here. Enjoy high image quality thanks to the 2K QHD resolution. Even at night, the Cell Go Full Color shows clear images thanks to its smart night vision technology. Furthermore, this security camera features person recognition, built-in siren and two-way conversation with voice diverter. The IP65 certification makes the camera suitable for any weather condition.

Image quality

The 2K QHD resolution, or 3-megapixel resolution, offers premium image quality to keep an eye on a front yard, backyard or garage. The applied H.265 image compression technology ensures that high-quality recordings and streams take up relatively little space and thus require less bandwidth. In this way, the available storage space and bandwidth can be used optimally.

Long battery life and solar panel

The Cell Go Full Color Full Color's 5,000 mAh battery lasts up to 120 days on a full charge under normal usage conditions. When battery levels are low, remove the battery from the camera to recharge. The Cell Go Full Color kit comes with an Imou solar panel. By connecting the camera to 3W solar panel, there is a continuous power supply and no need to worry about charging the battery (depending on usage conditions).

Human detection and two-way talk

The Cell Go Full Colour accurately recognises persons based on AI detection. Combined with PIR detection, false alarms can be effectively prevented. Upon detection, you can choose to activate the built-in siren to keep unwanted visitors at an appropriate distance. Furthermore, the security camera features two-way communication with voice diverter using the built-in speaker and microphone. With the voice diverter, you can more effectively scare off unwanted visitors.

Full Color night vision

This surveillance camera offers optimal security even in the evening hours thanks to its various smart night vision modes. 1. Smart night vision: when it gets dark, the camera uses infrared to display greyscale images. As soon as the camera detects a person, the built-in spotlights are activated to record in colour. 2. Colour night vision: when it gets dark, the camera activates the built-in spotlights to record images in colour. 3. Infrared night vision: when it gets dark, the camera uses infrared for greyscale images. 4. Night vision off

Installation

Download the Imou Life app (iOS, Android or Windows) and create an Imou account. After logging in, select the "+" sign at the top right of the Imou app to add a camera. Scan the QR code on the camera and follow the steps in the app. Next, select the Wi-Fi network (2.4GHz/5GHz) and make sure the camera is close to the router during the installation process. The camera will be ready to use in no time.

Practical features Imou Life app:

- Smart scenes: set smart scenes such as away mode where the camera is fully active
- Time-lapse recording function: easily capture beautiful events such as a sunrise
- Detection region: select in which zone the camera is active
- Customised security: Choose from several operational options including for power saving
- Privacy mode: Camera goes into standby mode to ensure privacy

Techninė specifikacija

Performance	
Type	IP security camera
Placement supported	Outdoor
Connectivity technology	Wireless
Day/night mode	Yes
Design	
Mounting type	Ceiling/wall
Product colour	White
Form factor	Bullet
Protection features	Water resistant
International Protection (IP) code	IP65

Camera

Lens viewing angle, horizontal	98°
Lens viewing angle, vertical	54°
Lens viewing angle, diagonal	121°

Image sensor

Sensor type	CMOS
Optical sensor size	25.4 / 2.8 mm (1 / 2.8")
Progressive scan	Yes

Lens system

Number of lenses	1
Zoom capability	Yes
Digital zoom	8x
Auto focus	Yes
Maximum aperture number	2
Fixed focal length	2.8 mm

Night vision

Night vision	Yes
Night vision distance	15 m

Video

Maximum resolution	2304 x 1296 pixels
Total megapixels	3 MP
Video compression formats	H.264, H.265
Frame rate	15 fps
Privacy masking	Yes

Audio

Built-in speaker(s)	Yes
Audio system	2-way
Built-in microphone	Yes

Network

Ethernet LAN	No
Wi-Fi	Yes
Bluetooth	No
Wi-Fi standards	802.11b, 802.11g, Wi-Fi 4 (802.11n)

Storage

Built-in HDD	No
Compatible memory cards	MicroSD (TransFlash)
Maximum memory card size	256 GB
Ports & interfaces	
USB port	Yes
Security	
Built-in siren	Yes
Video motion detection	Yes
Privacy protection	Yes
Intelligent Video Surveillance (IVS) system features	Human detection
Management features	
Reset button	Yes
Smartphone/tablet remote support	Yes
Power	
Power source type	Battery
Power consumption (typical)	2.06 W
Battery capacity	5000 mAh
Rechargeable battery	Yes
Operational conditions	
Operating temperature (T-T)	-20 - 50 °C
System requirements	
Mobile operating systems supported	Android, iOS
Weight & dimensions	
Width	63 mm
Height	41 mm
Length	88 mm
Weight	180 g
Sustainability	
Compliance certificates	CE
Packaging content	
Number of cameras	1
Battery included	Yes
Technical details	
Integrated PIR sensor	Yes

Matmenys ir svoris

Svoris	0,18kg
