Pagrindinės savybės

- ✓ Two lens resolution total 6MP
- ✓ Privacy Mode
- ✓ Smart Color Night Vision
- ✓ Diversified Storage
- ✓ AI Human & Pet Detection
- ✓ Active Deterrence
- ✓ Abnormal Sound Alarm
- ✓ Alarm Notification
- ✓ Smart Tracking
- ✓ Two-way Talk

Aprašymas

Ranger Dual

3+3MP Camera | Smart Full-color Night Vision | Wide View Dual Lens | IMOU SENSE® Dual-channel Human & Pet Detection

Securing 2 zones at once

In addition to the normal PTZ lens, the Ranger Dual has a fixed lens on the bottom that allows you to monitor two areas at once.

Multiple lens combinations for all your needs

3+3MP

Ranger Dual offers 3+3MP lens combination options, so you can choose the most suitable and cost-effective combination for your security needs.

Light the night up with smartness

Ranger Dual can adjust different night vision modes according to your needs, whether you want the night vision to remain in full color all the time or want to turn on full color only when there is an event to save energy, it can always satisfy you.

The adjustable dual-lens gives you 360° protection

The Ranger Dual's pan-tilt lens supports 0°-355° horizontal rotation and 0°-90° vertical rotation, while the fixed lens supports 0°-355° horizontal rotation and 0°-15° vertical rotation to protect your home 360°.

Dual-channel detection powered by IMOU SENSE®

IMOU SENSE® is a self-developed AI algorithm under the IMOU brand, each of the two lenses of the Ranger Dual uses its own algorithm, which doesn't degrade the accuracy due to an increase in the number of lenses, giving it a 50% increase in overall accuracy and delivering the detection results back to you within 0.02 seconds.

Precise human & pet detection

With the support of IMOU SENSE™, the newly upgraded AI can effectively improve the accuracy of detecting people and pets, and can intelligently track the target; when there is an event triggered, in addition to pushing information to the user's phone, the device itself will also alarm.

Abnormal sound alerts to care for your treasures

The Ranger Dual detects unusually high decibel sounds such as babies crying and glasses breaking, so you can be in control of your home wherever you are.

Protect according to your preferences

- Favorite Point Setting
- Customizable detection zone
- Customizable Alarm Sound
- Protection Scheduling

Protect your privacy with just a touch

The Ranger Dual detects unusually high decibel sounds such as babies crying and glasses breaking, so you can be in control of your home wherever you are.

Connect your home from anywhere

Built-in speaker and microphone with echo cancellation feature allow you to interact with pets and family from anywhere.

Imou Protect - Level up your security

Imou Protect is a subscription service that is able to empower your IMOU products with advanced cloud computing technology and upgrade your security experiences.
