Pagrindinės savybės

- ✓ Physically prevent access to a DP Port
- ✓ Quick and simple to use
- ✓ Pack of 10 individual DP Blockers
- ✓ Pack of 4 blockers and key are also available

Aprašymas

The Lindy DP Port Blockers are useful little devices that can be used to physically prevent access to DP ports. With the DP Port Blocker Key, the user can quickly block any open device ports and easily prevent users from connecting cables, devices or inserting foreign objects without permission.

The semi-permanent DP Port Blocker is made up of a moulded plastic blocking cap that plugs securely into the DP port with a special insertion key. The blocker latches into the port just as a normal DP cable would and remains in place until removed using the insertion key.

Designed to help protect against unauthorised access to IT or AV equipment, as well as preventing unintentional or malicious damage to ports. It can also act as a visual cue, showing inactive or disconnected ports, ideal for use in schools, office or other public sector environments.

To use, simply attach a blocker to the key and insert it into the DP port. Release the sliding mechanism on the key to leave the blocker in place. To remove, simply insert the key back into the blocker and pull away.

Security Note: The Port Blockers will only act as a basic physical & visual deterrent to tampering. It will not prevent a determined attacker, intent on gaining physical access to a DP port.

Techninė specifikacija

Specifications	
Sandėlio grupė	> Kabel und Adapter > Displayport Kabel und Adapter [+1987][-131]
Features	
Product type	Port blocker
Compatible ports/slots	DisplayPort
Product colour	Blue
Material	Acrylonitrile butadiene styrene (ABS)
Quantity per pack	10 pc(s)
Number of port blockers	10
Package type	Polybag
Technical details	
Compliance certificates	REACH, RoHS
Weight & dimensions	
Width	42 mm
Depth	20 mm
Height	10 mm
Weight	10 g
Package width	133 mm
Package depth	144 mm
Package weight	16 g
Matmenys ir svoris	
Svoris	0,01kg
