Optimal Performance and Visual Quality

This monitor utilizes a high-quality VA (Vertical Alignment) panel, offering superior static contrast ratios of 3000:1, delivering deeper blacks and brighter whites for vivid, true-to-life images. With a fast 100 Hz refresh rate and 5 ms GtG response time, transitions are smooth, reducing motion blur—beneficial not just for work but also for casual gaming.

- **WQHD 3440 x 1440 Resolution:** Provides 2.5 times the detail of standard Full HD, enhancing productivity.
- **100 Hz Refresh Rate:** Ensures smoother scrolling and fluid on-screen movement.
- **Expansive Colour Gamut:** Supports 119% sRGB and 100% NTSC, delivering accurate and vibrant colours crucial for creative tasks.
- **Integrated USB 3.2 Hub:** Simplify cable management and expand connectivity by linking peripherals directly to the display.

Designed for Comfort and Connectivity

The Philips 345B1C/00 features an advanced ergonomic stand that allows for full customization, including height adjustment, swivel, and tilt, ensuring optimal working posture throughout the day. Furthermore, this display boasts TUV certified Eye Comfort features, specifically designed to reduce eye fatigue during long hours of use. This certification confirms adherence to strict safety and quality standards for visual health.

Key Technical Specifications:

- Panel Type: VA Technology
- Native Resolution: 3440 x 1440 at 100 Hz (WQHD, 21:9)
- Brightness: 300 cd/m²
