AOC 22B2H 21.5" Full HD Monitor - Sleek Design and Eye Comfort

The AOC 22B2H monitor delivers crisp visuals and modern aesthetics, perfect for home office use, general computing, and media streaming. Featuring a brilliant 21.5-inch VA panel with Full HD (1920x1080) resolution, this display provides excellent image quality, deep blacks, and wide viewing angles (178°/178°). Its sophisticated 3-sides frameless design minimizes bezels, making it highly suitable for clean desk setups or efficient multi-monitor arrangements.

Key Features for Productivity and Comfort

- **Crisp Full HD VA Panel:** Experience vibrant colors and superior image depth thanks to the VA technology and a high 3000:1 static contrast ratio, complemented by 98% sRGB colour gamut coverage.
- **Smooth 75 Hz Refresh Rate:** A 75 Hz refresh rate provides a noticeable upgrade over standard 60 Hz monitors, ensuring smoother motion handling for everyday tasks, browsing, and casual entertainment. The fast 4 ms response time further reduces motion blur and ghosting.
- **Eye Comfort Technologies:** Work longer and more comfortably with integrated eye-soothing features. LowBlue Mode significantly reduces potentially harmful short-wave blue light emissions, while FlickerFree technology eliminates screen flickering.
- **Versatile Connectivity:** Equipped with essential input options including HDMI 1.4 and legacy VGA (D-SUB), ensuring broad compatibility with various modern and older computing devices.
- **Modern Frameless Design:** The three-sided borderless design not only gives the display a premium look but also facilitates a virtually seamless transition when used in dual or triple monitor environments.

AOC INTERNATIONAL is a globally recognized manufacturer known for delivering high-quality display solutions, ranging from professional-grade monitors to high-performance gaming screens. They focus on combining cutting-edge panel technology with user-centric design.
