Aprašymas

The Cisco Desk Camera 4K is a premium USB web camera that provides high-quality collaboration experiences for video conferencing, video streaming and video recording. It brings superior video (up to 4K Ultra HD resolution), excellent low-light performance, fast auto-focus, up to 10x digital zoom, vibrant colour reproduction, high-quality dual-microphone audio, intelligent AI-based features and IT device management. The Cisco Desk Camera 4K can be connected to a personal computer over USB and mounted onto an external monitor, laptop or tripod. While optimised for Webex, it is also compatible with popular meeting or video applications and enables laptop-based video conferencing anywhere. Powered by the Webex platform, the Cisco Desk Camera 4K is a fully managed IT asset with centralised device management and insights. It also offers a Cisco Desk Camera app for any Windows or MacOS users to do professional camera settings, firmware upgrades and troubleshooting.
