## Pagrindinės savybės

- ✓ **Memory Card Reader** - support SD/SDHC/SDXC UHS-I (SD3.0) and microSD/microSDHC/microSDXC UHS-I (TF3.0) with transfer speed up to 104 MB/s, making it useful for various storage needs. This card reader handles different card formats easily, so you don't have to worry about compatibility issues.
- ✓ **Additional USB Slot** - features a built-in USB Type-A slot with transfer speed up to 480 MB/s, adding extra convenience for connecting external devices or accessories. Use it to plug in a flash drive, keyboard, or mouse while managing your memory cards.
- ✓ **Dual Interface** - compatible with both USB Type-C® and USB Type-A interfaces with up to 5 Gbit/s of transfer speed. This makes it an excellent choice for users with modern laptops, tablets, or smartphones. It allows users to easily switch between devices, making it a handy tool for managing files every day.
- ✓ **Multi-LUN** - Access multiple memory cards at once without swapping. With Multi-LUN support, the card reader mounts each slot as a separate drive, so you can read and transfer data from different cards simultaneously.
- ✓ **Portable Design** - Compact and easy to carry, it can easily fit into your pocket, it also comes with a small keychain attachment, so you can conveniently hang it on your bag to keep it within reach anywhere you go.
- ✓ **Plug & Play** - No drivers required to access the product, just simply plug it in and start using it right away. Our product works straight out of the box, making it extremely convenient for users.

## Aprašymas

Memory card reader

The IB-CR203-CU3 works with both SD and microSD cards, making it useful for various storage needs. This card reader handles different card formats easily, so you don't have to worry about compatibility issues. Whether you're at work or traveling, it's a reliable tool to help you access and manage your files quickly.

Additional USB slot

The IB-CR203-CU3 features a built-in USB Type-A slot, adding extra convenience for connecting external devices or accessories. Use it to plug in a flash drive, keyboard, or mouse while managing your memory cards. This added functionality transforms the card reader into a small but practical hub, ideal for maximising limited port availability on notebooks or tablets.

Dual Interface

The IB-CR203-CU3 offers dual compatibility with both USB Type-C® and USB Type-A interfaces. This makes it an excellent choice for users with modern notebooks, tablets, or smartphones. It allows users to easily switch between devices, making it a handy tool for managing files every day.
