Pagrindinės savybės

- ✓ Four USB device sharing across two computers
- ✓ Quick switch via built-in pushbutton
- ✓ 480 Mbps transfer with USB 2.0
- ✓ Compact enclosure with accent lighting

Aprašymas

Enables sharing of four USB peripherals at 480 Mbps between two PCs at a press of the pushbutton.

The US4224 is a 2-Port USB Sharing Switch tailored for professional and personal workspaces where peripheral sharing between computers is essential. Featuring InstaSync™, you can easily switch control of up to four USB peripherals between two computer systems in an instant. This ensures a quick, streamlined workflow for any task while keeping your workstation tidy, clutter-free, and manageable at all times.

InstaSync™ Technology

Fast USB switching capability that keeps the flow smooth and uninterrupted

Four USB Device Sharing Across Two Computers

Farewell to the need of swapping cables and peripherals between two separate computers

480 Mbps Transfer with USB 2.0

Up to 480 Mbps data transfer rates ensure quick and efficient file transfer performance

Quick Switch via Built-In Pushbutton

Enjoy the hassle-free experience of switching USB peripherals between two systems with just one single button press

Compact Enclosure with Accent Lighting

Aesthetically pleasing with its accent lighting and a casing so compact that it occupies very little space

Hot Pluggable

Allows adding / removal of the peripherals/computers connected to the installation without having to power down the switch. Besides, no drivers or software is required

OS Independent

Compatible with mainstream operating systems including Windows, macOS, and Linux

Techninė specifikacija
