Pagrindinės savybės

- ✓ Robust and durable: thanks to chrome-vanadium steel (CrV), stable plug-in joint, and hardened teeth
- ✓ High flexibility: with adjustment nut for stepless fine adjustment
- ✓ High convenience: due to its ergonomic design, s-shaped pliers head, 45° jaw position, and clamping protection, can be adjusted directly on the workpiece
- ✓ Max capacity for pipes is 60 mm or 2 3/8"

Aprašymas

Do you sometimes prefer hand tools to power tools because many power tools are not suitable for certain applications? Our new pliers have simple and intuitive quick adjustment solutions. No matter what pipe, nut, or bolt you need to work on, you can adjust our pliers quickly and accurately to ensure a smooth and comfortable use every time. And that makes your work so much easier. The professional corner pipe wrench is extremely robust thanks to durable chrome-vanadium steel (CrV), sturdy plug-in joint, and hardened teeth. Its ergonomic design and the s-shaped pliers head offer a high level of working comfort. Its jaws are set in a 45° position and you can adjust them directly on the workpiece. The adjusting nut for stepless fine adjustment allows you to work flexibly and precisely. The pliers are suitable for pipes up to a maximum of 60 mm or 2 3/8".

Equipment & Application

Use the corner pipe wrench in heating, plumbing, and ventilation construction to connect pipes and to mount or dismount water and gas fittings. It is also the ideal tool for securely screwing together the valves, fittings, and fasteners used in pipe installation. Its s-shape enables a stable three-point position directly on the pipe.

Techninė specifikacija

Features	
Product colour	Blue, Silver
Handle colour	Black, Blue
Jaw width (max)	6 cm
Body material	Chromium-vanadium steel
Jaws material	Chromium-vanadium steel
Ergonomic design	Yes
Rust protection	Yes
Weight & dimensions	
Length	420 mm
Width	26 mm
Height	84 mm
Weight	1.36 kg
