The "Light" iteration focuses on optimizing comfort and reducing overall weight, ensuring longer, more comfortable sessions without compromising on visual quality. Experience superior ergonomics designed for ease of use and portability. The package includes dedicated VR controllers, providing precise tracking and intuitive interaction necessary for navigating complex virtual environments and enhancing gameplay.

## Key Features:

- High-end virtual reality experience for immersive gaming and simulations.
- Optimized "Light" design focuses on enhanced comfort and extended wearability.
- Includes intuitive VR controllers for precise interaction and seamless gameplay.
- Pimax technology ensures a visually stunning and clear viewing experience.
- Ideal for simulation, adventure, and high-fidelity VR applications.

**PIMAX** is recognized globally for pushing the boundaries of virtual reality technology, specializing in wide Field of View (FOV) and high-resolution headsets that cater to serious enthusiasts and professional users.
