Aprašymas

Uni-T LM600G Laser Rangefinder

The LM600G is a golf-series laser rangefinder that combines precise distance measurement with features designed for use in sports and technical applications. The device offers distance, height, angle, and speed measurement, as well as a golf trajectory compensation mode and a flagpole lock, which facilitates quick and accurate target identification on the golf course. Thanks to its 6x optical zoom and easy-to-read LCD display, it is also well-suited for field work in industries such as construction, forestry, and technical installations.

Included
