Aprašymas

UNITREE R1 Crismon Hero Battery (Red)

Ensure a reliable power source for your Unitree R1 robot. The dedicated 6000 mAh battery ensures stable and safe operation of the device's systems, while the compact design—measuring 85 × 83 × 146.5 mm—makes it easy to transport and install. Also noteworthy are the charge level display feature and a full set of safety features that ensure trouble-free operation of the product.

Smart Power Management with BMS

The proprietary BMS battery management system controls all essential processes related to charging and discharging. This system ensures stable operation, which translates to a longer battery life and predictable robot performance under various operating conditions.

Advanced Safety System

The battery is equipped with a charge level display, allowing you to quickly assess its current status. Additionally, it features protection against overcharging, over-discharging, and short circuits. It also features a load detection system and a self-discharge protection function in storage mode, which protects the cells during extended periods of non-use, ensuring they remain in better condition and ready for operation.

Manufacturer	Unitree
Model	092491
Dimensions	85 mm × 83 mm × 146.5 mm
Nominal voltage	32.4 V
Charging Limit Voltage	37.8 V
Rated Capacity	6,000 mAh, 194.4 Wh
Battery Management System	Proprietary BMS
Features	Battery level display, self-discharge protection in storage mode, charge balancing protection, overcharge protection, over-discharge protection, short-circuit protection, load detection system
Compatibility	Unitree R1
Color	Red
