Pagrindinės savybės

- ✓ Ear-cuff style open earbuds. Comfy all day
- ✓ Up to 28 hours of play time. Slimline charging case
- ✓ Stable Bluetooth multipoint connectivity
- ✓ Responsible design and packaging
- ✓ IPX4 splash and sweat resistant
- ✓ Clear calls. They'll hear what you're saying
- ✓ Customisable on-ear controls
- ✓ Philips Headphones app. Personalise your earbuds

Aprašymas

Ear-cuff style open earbuds. Comfy all day

These open earbuds clip on lightly but securely to your outer ear, and a flexible joint lets you adjust the grip for maximum comfort. Precision air-conduction drivers direct sound into your ear canal without sealing it, so you'll hear what's going on in your immediate surroundings too.

Up to 28 hours of play time. Slimline charging case

You get 7 hours of play time from a full charge, and an extra 21 hours from the case. If you need a quick boost, pop the earbuds back in the case for 15 minutes to get an extra hour. It takes 2 hours to recharge the earbuds fully, and mono mode lets you use one earbud at a time while the other one charges.

Stable Bluetooth multipoint connectivity

Advanced Bluetooth connectivity gives you a more stable connection for seamless streaming, and you can connect to two Bluetooth devices at the same time. Enjoy that playlist or listen uninterrupted to your favourite podcast without annoying dips in the sound.

Responsible design and packaging

We're continually working to make our supply chain more sustainable and transparent. These earbuds are made with GRS-certified post-consumer recycled plastics, and our plastic-free packaging uses FSC-certified recycled cardboard and soy-based ink.

IPX4 splash and sweat resistant

With their featherlight design, comfortable fit and an IPX4 rating, these true wireless open earbuds are ready for everyday use. Fully splash resistant, they won't mind a little sweat and you don't need to worry about getting caught in the rain.

Clear calls. They'll hear what you're saying

Your voice will come through clearly when you're on a call. A dedicated mic picks up the sound of your voice while a noise-reduction algorithm quietens some of the background noise from the world around you.

Customisable on-ear controls

There are handy button controls on the earbuds for playback, volume and calls. Prefer to use the left or right earbud? You can customise how these controls are set up via the Philips Headphones companion app.

Philips Headphones app. Personalise your earbuds

As well as customising the on-ear controls, you can use our companion app to activate Dynamic Bass, get the latest firmware updates, manage connected devices and even listen to in-app soundscapes. There are soundscapes that you can play together with binaural beats to aid focus, relaxation or sleep. Or try the ambient and nature soundscapes.

Techninė specifikacija

Specifications	
Sandėlio grupė	Peripherals & Desktop > Headsets [+2430][-730]
Performance	
Product type	Headset
Wearing style	Ear-clip-on, Open-ear
Recommended usage	Calls/Music
Headset type	Binaural
Product colour	White
Market segment	Consumer
Cable length	0.2 m
Protection features	Splash proof, Sweat resistant
