Pagrindinės savybės

- ✓ EyesErgo+ redefines the visual comfort
- ✓ TÜV-certified Circular Polarization technology mimics natural light to reduce fatigue
- ✓ Less Blue Light PRO technology simultaneously protects the eyes and preserves vivid colors & details
- ✓ MSI Eye-Q Check helps have self-check eyes & reminds to take a rest while using the monitor for a long time
- ✓ Type-C 65W Power Delivery and Display & KVM Switch
- ✓ The KVM function allows you to switch between multiple devices and control it with one set of keyboard and mouse
- ✓ 144 Hz refresh rate provides a better viewing experience with flicker-free image
- ✓ Delta-E ≤ 2 pre-calibrated in the factory for the most excellent color accuracy
- ✓ The stand is designed with ergonomic features, including tilt, swivel and height adjustments
- ✓ Two built-in speakers

Aprašymas

See beyond. Lead beyond.

The physics of focus. Built on the science of natural light, our PRO MAX 271QPHW E14 display redefines visual comfort with EyeErgo+. Combined with Circular Polarizer and intelligent software, we've engineered a studio that outlasts the day—so your vision stays as sharp as your ambition.

EyesErgo+ : The New Era of Eye Care

Redefining Visual Comfort

Pure Comfort, True Color Powered by MSI EyesErgo+, Circular Polarizer mimics natural light to reduce fatigue. Protect your eyes without sacrificing color accuracy—engineered for all-day comfort.

Strip the strain. Keep the color

Unlike software filters that turn your screen yellow, our TÜV-Certified Hardware Low Blue Light PRO shifts the light spectrum at the source. It

effectively eliminates harmful blue radiation while preserving stunning, true-to-life color accuracy for both work and play.

Total stability. Zero fatigue. Or Say Goodbye to the eye strain

Say goodbye to eye strain and fatigue. Our display is designed to reduce eye strain and fatigue, so you can work longer and more comfortably.

Scatter the distractions

Advanced Anti-Glare coating eliminates distracting reflections to provide crystal-clear visibility and a comfortable viewing experience in any lighting condition.

Stay sharp. Your Eye-Q Check handles the strain

Take control of your eye health with built-in diagnostic tools. Eye-Q Check allows you to perform quick self-assessments for astigmatism and macular degeneration, while reminding you to take breaks and maintain the correct viewing distance for long-term wellness.

Work upright. Stay inspired

With adjustable stand, you can always adjust the way you see and the way you work. Find the most comfortable position for yourself.

One cable. Does it all

Streamline your workspace with the versatile USB Type-C port. With 65W Power Delivery, you can charge your laptop and transfer data with a single connection. Simple. Powerful.

Firmware Update

PRO MAX 271QPHW E14 can update the firmware through Type-C connector, which is simple and easy to use. This allows users to update the firmware on their own at any time when the latest version is released by MSI. This ensures that the screen is always in the best-optimized state.

MSI M-Mate App

MSI M-Mate: Your Bridge Mate for Mac Sync, switch, and command. MSI M-Mate unifies your system functions and Macbook settings with built-in KVM execution. It's the smarter way to work—all in one mate.

Master two worlds. With a single mind

Boost your productivity by controlling two computers with just one set of keyboard and mouse. The integrated KVM switch allows you to toggle between your laptop and desktop, saving space and simplifying your multitasking workflow.

Sound that surrounds your focus

Whether you are attending virtual meetings, watching videos, or listening to music, the integrated speakers provide clear sound while keeping your desk organized and clutter-free.

144Hz + 1ms MPRT + Adaptive-Sync

Unlock the full potential of your monitor with a high refresh rate. From seamless multitasking at work to ultra-smooth gaming and fluid AI-generated visuals, every detail comes to life with precision and speed. Whether you're creating, playing, or innovating — this is performance you can see and feel.

Techninė specifikacija

Specifications	
Sandėlio grupė	Monitore [+1597][-92]
Display	
Display diagonal	68.6 cm (27")
Display resolution	2560 x 1440 pixels

Native aspect ratio	16:9
Display technology	LCD
Touchscreen	No
HD type	Wide Quad HD
Panel type	IPS
Response time	4 ms
Screen shape	Flat
Contrast ratio (typical)	1500:1
Maximum refresh rate	144 Hz
Display number of colours	16.7 million colours
Display brightness (typical)	300 cd/m²
Response time measurement type	GTG (Gray to Gray)
Response time (MPRT)	1 ms
Supported graphics resolutions	2550 x 1440
Supported video modes	1440p
Viewing angle, horizontal	178°
Viewing angle, vertical	178°
Pixel pitch	0.2331 x 0.2331 mm
Horizontal scan range	72 - 216 kHz
Vertical scan range	48 - 144 Hz
Viewable size, horizontal	59.8 cm
Viewable size, vertical	33.6 cm
Display diagonal (metric)	68.58 cm
High Dynamic Range (HDR) supported	Yes
Colour depth	8 bit
Colour gamut standard	DCI-P3
Colour gamut	96%
sRGB coverage (typical)	121%
Adobe RGB coverage	87%
DCI-P3 coverage	96%
