Aprašymas

The **Hikvision DS-7608NXI-K1(D)/Alarm4+1** is a cutting-edge **8-channel NVR** designed for high-performance video surveillance. This model supports up to **8 IP camera inputs** and is compatible with various video formats including **H.265+/H.265/H.264+/H.264**, ensuring flexibility and efficiency in data storage and transmission. With a remarkable decoding capacity of up to **4-ch@12 MP** or **20-ch@1080p**, this NVR is ideal for both small and large-scale security setups, providing clear and detailed video playback.

One of the standout features of the **Hikvision DS-7608NXI-K1(D)/Alarm4+1** is its integration of **AcuSense technology**, which significantly reduces false alarms through a self-learning algorithm. This advanced technology minimizes manual effort and lowers security costs, making it a superior choice for those seeking reliable surveillance solutions. With an incoming bandwidth of up to **80 Mbps**, this NVR ensures smooth video streaming and recording, enhancing the overall efficiency of your security system.
