Aprašymas

GPS even without a smartphone

Route recording worldwide: GLONASS, GALILEO, BEIDOU, GPS - simultaneous support for several global navigation satellite systems for even faster and more accurate positioning

Large 1.32" AMOLED touch display

Full-touch and razor-sharp: responsive, full-colour 1.32" AMOLED display for easy operation and quick overview of all functions

Smart watch with phone function

Easy telephoning: make and accept calls on the watch - spontaneous hands-free talking without a mobile phone, e.g. when cooking, doing sports, on the move

Control the voice assistant

Voice assistant: start calls, answer messages or ask Siri and Google Assistant from your wrist - the smart watch accesses the mobile phone's voice assistant directly

Read notifications and messages

Vibration and display indication: read WhatsApp messages directly on the smart watch - also e-mails, Instagram, etc.

Waterproof thanks to protection class IP68 and 3 ATM

Whether it's raining or in the pool: waterproof smart watch with IP68 protection class at 3 ATM protection suitable for many activities in and around water - whether swimming, snorkelling or sailing

Sport types to choose from

From jogging to yoga: choose from 110 types of sport and obtain tailored analyses or record precise distances

Running courses depending on fitness level

Running watch for beginners: running units with different durations - ambitious beginners can get fit gradually

VO2max, heart rate variability, aerobic training effect

Train effectively: maximum oxygen uptake (VO2max), aerobic training effect and heart rate variability, together with body energy score and recommended recovery time, form a solid data basis for planning, analysing and optimising individual training

Measures heart rate, SpO2, steps, calories

Pulse watch with many measurements: including heart rate at rest and during sleep, stress level, blood oxygen measurement, calories burned, pedometer

Sleep analysis

With sleep tracker: monitors light and deep sleep, REM (dream sleep) and waking phases - plus score to evaluate sleep quality

Music control

Power up with sound: control music from the smartphone via the fitness watch, e.g. Start/Stop, next track and previous track, including Spotify

Quality assurance-tested app

Every function tested: the "Hama FIT Move" app has been quality-assured in Germany

Automatic activity and break detection

Confirm tracking is enough: the smart watch not only automatically recognises when you are doing an activity over a longer period of time, but also your breaks

Up to 8 days of runtime

One battery charge is enough: 6 to 8 days of runtime, depending on use - fully charged again after 2.5 hours
