Pagrindinės savybės

- ✓ Office Laser 3200 DPI Black, Grey, Silver
- ✓ Right-hand RF Wireless 6 m
- ✓ Scroll type: Wheel Buttons quantity: 6
- ✓ Power source: Batteries
- ✓ 1 AA

Aprašymas

With the Evoluent D vertical mouse you experience ergonomics and comfort at a higher level, and handling is incredibly easy and intuitive.

The latest wireless Evoluent mouse with so many great features!

A patented ergonomic shape, programmable buttons, extra wide lip along the bottom edge, easy to reach thumb buttons, the USB receiver can be stored behind a magnetic battery cover, a direct reachable pointer speed button, three different mouse sizes available, functions like 'Smart Scrolling' and 'Eye Comfort Control', all those great features are combined in the Evoluent D - we give you even more reasons to get to know and love the Evoluent D.

Perfect shape, even the buttons.

The Evoluent D has grooved buttons, so your fingertips rest in a shallow groove on the buttons. This innovation secures the mouse in your hands and makes moving it much more precise. The easy-to-reach thumb buttons are smartly placed and are both within easy reach at the top and bottom of a contoured thumb rest. All those details will lead to an efficient work.

Your mouse. Your mouse button assignment.

With the free download version of the Evoluent Mouse Manager software , you can easily configure the five buttons of your Evoluent D. With the individual setting of your mouse buttons, you can work as conveniently as possible.

Three sizes, both in wireless and wired.

The Evoluent D is available in three different sizes: small, medium, and large. You can choose if you would like to have a wired or wireless version. The combination of the correct mouse size for your hand and the ergonomic shape, ensure a relaxed grip and a short time to get used to it.

Adjust the DPI conveniently. You determine the pointer speed.

The adjustable pointer speed button of the Evoluent D is easy to reach. It is placed behind the wheel which enables quick changing of the pointer speed to suit different tasks: select higher speed (higher DPI) to make the pointer move faster for general use; select lower speed (lower DPI) to make the pointer move slower and more precisely for drawing, photo editing, etc. The favourable thing is, that four lights show the different pointer speeds from slow to fast.

Plug-and-play.

The Evoluent D can be added to the computer without having to do a manual configuration. Just put the USB cable of the wired version or the USB receiver of the wireless version in your computer and start working. The USB receiver of the wireless versions of the Evoluent D can be stored behind a magnetic battery cover, so you will never lose it. The laser sensor ensures reliable tracking on most surfaces.

Cool features.

The Evoluent D has useful features for a more efficiency at work. With the 'Excel Horizontal Scroll' you can scroll horizontally in Microsoft® Excel® by pressing a thumb button and rolling the wheel. The function 'Smart Scrolling' enables dramatically varies sensitivity per notch in response to the speed you roll the wheel, from slow-and-precise all the way to hyper speed for blazing through long pages. With 'Eye Comfort Control' you can quickly lower your screen's brightness to help reduce eye strain by simply rolling the mouse wheel. Easily change the brightness of the screen as your ambient light level changes.

Techninė specifikacija

Specifications	
Sandėlio grupė	Mouse Devices [+277][-86]
Mouse	
Purpose	Office
