- ✓ Full-size (100%) Numeric keypad
- ✓ Adjustable keyboard height
- ✓ Grey
- ✓ 1 pc(s)

Aprašymas

UltraBoard 960 V2 Standard Compact

The most compact standard USB-C keyboard with a built-in numeric keypad and two integrated USB-A ports.

Ideal for all users

The UltraBoard 960 V2 Compact Standard is an ergonomic keyboard designed for users who prefer a numerical keypad. It meets all ergonomic requirements and features technical enhancements such as two USB ports, multimedia keys, and hotkeys. Being 80 mm narrower than a standard keyboard, it provides a comfortable and ergonomic working experience.

The original, but enhanced!

The UltraBoard 960 Compact Standard V2 uses USB-C as the standard connection for this wired keyboard. It includes a USB-A adapter, providing flexibility to connect to various devices and ports. The integrated USB-A hubs remain unchanged for your preferred input devices.

It also offers improved key-to-frame contrast for better visibility and enhanced key readability for easier navigation. The frame colour has been adjusted to reduce reflections and wear marks, while the FN keys have been redesigned to highlight primary functions more clearly.

Techninė specifikacija
