Aprašymas

KSK-8030IN is the perfect keyboard for any workshop or industrial setting, it's made with durable silicone material that can handle water and dust. So you won't have problems typing on keyboards ever again!

Special Chemical-Resistant Finish

The keyboard is coated with a special chemical-resistant finish, so you can work on common disinfectants and your keys will never fade.

Antimicrobial And Fungistatic

The keyboard is designed to be antimicrobial and fungistatic, which means it can help fight against the growth of fungi like mold or athlete's foot!

100% Waterproof

That's right, the keyboard is waterproof and can handle a dip in up to 1.5 meters (4.9 ft) of water! It also complies with NEMA 4X norms so you know it'll be durable enough for even harsh environments.
