Aprašymas

The **TG-BT5-IN** is a high-performance product from the renowned manufacturer **MikroTik**, designed to meet the demands of modern networking environments. This device is part of MikroTik's extensive range of networking solutions, offering reliability and efficiency for both home and business applications. With its advanced features, the TG-BT5-IN stands out as a versatile tool for enhancing connectivity.

Equipped with cutting-edge technology, the **TG-BT5-IN** provides seamless integration into existing networks. Its compact design ensures easy installation, while the robust build quality guarantees durability. This model is specifically engineered to support a variety of applications, making it suitable for both casual users and IT professionals seeking reliable performance.

Key technical specifications of the **TG-BT5-IN** include its impressive data transfer rates and compatibility with various networking standards. The device operates efficiently under different conditions, ensuring stable connections and minimal downtime. With its user-friendly interface, managing network settings becomes a straightforward task, allowing users to optimize their connectivity effortlessly.

The **TG-BT5-IN** is an essential addition to any networking setup, providing exceptional performance and versatility. As part of MikroTik's esteemed product line, this model exemplifies the brand's commitment to quality and innovation. Whether for personal use or professional deployment, the TG-BT5-IN is designed to deliver outstanding results in any environment.

Techninė specifikacija

Matmenys ir svoris	
Matmenys (I × P × A)	4.00cm × 2.00cm × 1.00cm
