Aprašymas

The Lanberg open rack provides a versatile and efficient solution for organizing equipment in any server room or data center. Measuring 19 inches in size and with a height of 12 rack units, it offers adjustable mounting depth to accommodate different setups. Constructed from cold-rolled steel, this rack is durable and capable of supporting a weight limit of 600 kg. Included in the package are M6 screws, user manual, legs, and wheels with brakes for mobility and stability. The design features reinforced vertical rails and sturdy feet, ensuring that the rack remains robust even under heavy loads. Its compliance with ANSI/EIA-RS-310-D standards assures reliability, making this rack an essential choice for maximizing equipment organization.
