Aprašymas

Slim design. Stunning performance.
Introducing QBC, the slimmest display in the Samsung UHD Signage. It brings elegance to business while maximizing space. Its enhanced internal solutions and intuitive home screen UX make it easy to use. Businesses in various verticals can achieve growth with QBC’s efficiency and design innovation.

Maximum impact in minimum space

The QBC's unparalleled ultra-slim thickness of 28.5mm makes it the thinnest option in Samsung’s UHD series. It comes with the Slim Fit Wall Mount, which allows you to install it neatly and easily in any environment. QBC optimizes space with its sleek design that blends seamlessly into your business.

Clean visuals in landscape or portrait mode
Even bezel
The bezels are consistent and even on all four sides of the display, with the same thickness and dimensions. The new even bezel design prevents any visual issues from arising when the display is adjusted to portrait mode.

Secure and even mounting
Centered VESA Holes
The central positioning of the VESA holes on the back of the display evenly distribute its weight for secure mounting. With the VESA holes now shifted to the center, users can adjust the display to portrait mode without the display tilting unintentionally.
