Aprašymas

Dell's latest generation Enterprise Hard Disk Drives continue to represent some of the fastest enterprise hard disk drives in the industry. Leveraging the technology expertise and heritage, Dell deliver reliable, high-capacity HDDs for your most demanding storage applications. With the capacity points this latest drive technology offers low power consumption, high reliability, and faster internal data rates. Leading edge technology enables industry leading performance specifications blended with the latest advances in interface technology. This provides a flexible and cost effective storage solution for your most demanding applications including rack and tower servers, storage arrays, RAID systems and digital video systems.

Techninė specifikacija

Features

HDD capacity	1 TB
HDD speed	7200 RPM
HDD size	3.5"
Interface	SAS
Component for	Server/workstation

Power

Operating voltage	5 / 12 V
-------------------	----------

Logistics data

Harmonized System (HS) code	84717050
-----------------------------	----------

Other features

Internal	Yes
----------	-----
