Aprašymas

Vertuo Pop is big in style but small in its footprint. Keeping low profile at 25cm, the latest Vertuo coffee maker may be a sleek, compact piece of kit, but under that bright burst of colour sits some smart tech.

With Vertuo Pop, its universe of tech beneath the hood works seamlessly to deliver that barista-quality you've come to expect from Nespresso. Reading your coffee capsule's unique code, it automatically adapts all brewing parameters and uses our Centrifugal™ technology to spin the pod, extracting the best from each coffee blend—delivering Vertuo's signature crema, smooth taste and full flavour at the touch of a button. From espresso to mug, you can choose from four cup sizes in a wide variety of blends to suit any taste.
