Built for tough conditions, Galaxy Tab Active5 Pro is MIL-STD-810H compliant. Its display features Corning® Gorilla® Glass Victus®+ to help protect the screen from scratches and cracks during everyday tasks.

Responsive touch for seamless hands-on work

Keep working without interruptions. Galaxy Tab Active5 Pro's touchscreen remains responsive even with gloves on, so you dont have to constantly remove them.

Optimised connectivity to drive you forward

Wi-Fi 6E delivers faster speeds with expanded bandwidth, enabling smooth communication and data access. Dual GPS improves location accuracy for precise tracking, while eSIM supports connectivity without a physical SIM, keeping workers connected.

Front Tagging NFC. A smoother way to pay

Front Tagging NFC enables simple, tap-based payments right on the front screen of Galaxy Tab Active5 Pro, making transactions easy at kiosks and self-service stations. With Front Tagging NFC functionality, it eliminates the need for extra accessories, helping businesses to operate efficiently.

Brilliantly vivid visuals for detailed clarity

The 10.1-inch display on Galaxy Tab Active5 Pro now shines up to 600 nits with up to 120Hz refresh rate for smooth scrolling and responsive interactions. Intelligent Vision Booster enhances visibility, keeping content clear even in bright outdoor settings.

Audio tuned for demanding workspaces

Maximised Volume ensures important alerts and sounds cut through noisy environments, making them easier to hear in the field. Anti-feedback noise reduction technology reduces interference when multiple devices are updated or tested simultaneously.

Circle it to find what you need instantly

Instantly search anything you see on your Galaxy Tab Active5 Pro with Google. Circle, highlight, scribble, or tap any image, video, or text to search without switching apps. Quickly get the info you need, then get right back to what you're doing.

Powerful performance for smooth workflow

Handle demanding workloads with ease, thanks to the 4nm Snapdragon® chipset. With Galaxy Tab Active5 Pro offering 8GB memory and 256GB of storage — plus expandable storage up to 2TB — youll have the power and space to conveniently handle files, apps and essential data.

Active Key. Shortcut your tasks

Accelerate your workflow with Active Key on Galaxy Tab Active5 Pro. Assign it to launch apps or scan barcodes instantly. Users can customise functions, developers can integrate controls and IT admins can manage remapping for seamless operations.

Maximise frontline workers' productivity

Empower your workforce with intelligent persona-driven efficiency. Whether it is Maintenance Technician, Field Service Technician, Inventory Clerk or Safety Engineer, SAP Service and Asset Manager covers the main processes and services required for these personas with optimised functions on Galaxy Tab Active5 Pro.

Secure your data with Knox Vault

Knox Vault locks your critical data in a separate, tamper-resistant hardware space, helping to shield it from unauthorised access.

IP68 rated for dust and water resistance

With IP68 protection, Galaxy Tab Active5 Pro is designed to endure exposure to water, dust and dirt. Whether you're working in unpredictable weather or rugged job sites, it stays protected — keeping you focused on the task at hand without interruptions.

Designed for cleaning with sanitisers

Frequent use in shared spaces requires easy cleaning. Galaxy Tab Active5 Pro supports cleaning with several common sanitisers, helping maintain hygiene in high-touch environments such as offices or field operations.

Keep going without a battery

Stay powered, even without a battery. When working in high-temperature environments or using a kiosk, No Battery Mode allows the device to operate directly from a power source, without using the battery. Simply plug into a power source and continue working without interruption.
