Pagrindinės savybės

- ✓ From bustling city streets to the corner café, some of life's most important calls happen in the most unexpected places. Our cutting-edge noise-cancelling and six layers of WindSmart technology eliminate disruptive background noise like wind and chatter so your voice sounds clear, indoors and out.
- ✓ Take hands free to a whole new level. A dedicated voice control button easily activates your favorite voice assistant. Whispered alerts update you on talk time, and even announce the names of incoming callers so you can simply say "Answer" or "Ignore" to calls without lifting a finger.
- ✓ The rigorously tested ergonomic design ensures all-day comfort on a wide range of ear shapes, so it feels as comfortable on your last call of the day as it did on the first. This comfort-tested design comes with three ear tip sizes to ensure a secure-fit so you'll forget you're even wearing it.
