Aprašymas

The Lenovo ThinkPad E16 Gen 4 is designed to enhance productivity with its robust features and performance. Equipped with a powerful Intel Core 5 processor and 16 GB of DDR5 RAM, this notebook ensures efficient multitasking and smooth operation for demanding applications. The 16-inch LED display with a native resolution of 1920 x 1200 offers vibrant visuals, while the anti-glare and Low Blue Light technology prioritize user comfort during extended use.

Designed for seamless communication, the ThinkPad E16 Gen 4 features a fixed focus hybrid FHD/IR camera and dual-array microphones, providing high-quality video and audio for virtual meetings. With security options, including a fingerprint reader and a Discrete Trusted Platform Module (TPM 2.0) security chip, your data remains protected. The sturdy aluminum casing and high-definition audio delivered by Harman audio technology ensure an appealing and reliable experience for business professionals and everyday users alike.
