Pagrindinės savybės

- ✓ White Gaming Head-band Headset
- ✓ Wired & Wireless USB connectivity Bluetooth 5.4
- ✓ Circumaural 10 - 44000 Hz 16 Ω 115 dB
- ✓ Microphone type: Boom -42 dB
- ✓ 750 mAh

Aprašymas

HATOR Hyperpunk 3 Wireless is the perfect headset for gamers, combining wireless freedom with Hi-Res audio. With noise-canceling technology, long battery life, and versatile connectivity options, this headset ensures complete immersion in your game across a wide range of devices. Experience every detail of the sound and stay connected without any limits.

Durable and lightweight design.
The low weight of the headset (only 250g) ensures comfortable use for hours on end.

Powerful 40mm drivers with Hi-Res Audio certification

provide clear and detailed sound, allowing you to fully immerse yourself in gaming or enjoy your favorite music.

True stereo sound — thanks to the unique driver cavity design.
The isolated driver cavity reduces sound distortions and vibrations, ensuring cleaner and more accurate audio reproduction

The Hybrid ANC active noise cancellation system is powered by a combination of four microphones and a dedicated processor, delivering seamless noise reduction for both 2.4GHz and Bluetooth wireless connections.

ClearScan™ technology continuously scans the wireless spectrum and selects the optimal frequency, ensuring stable signal performance even in congested environments.

Stay in the game while taking calls! The headset supports Bluetooth phone connectivity with ENC noise cancellation for crystal-clear conversations. Built-in controls on the ear cup make it easy to manage calls, adjust volume, and access essential functions effortlessly.

24-bit DAC with up to 96 kHz sampling rate and Hi-Res certification combined with a 32-bit dual-core DSP delivers top-tier audio quality. With precise reproduction of even the smallest nuances and efficient signal processing, you’ll experience deep immersion in music, gaming, or movies, enjoying crystal-clear and detailed sound.

The detachable high-sensitivity microphone ensures clear and natural voice transmission for team communication or streaming. And when removed, the headset transforms into a lifestyle audio device without sacrificing functionality! Thanks to the additional built-in microphone, you can still take phone calls even with the main mic disconnected.

An innovative low-degradation lithium-ion battery with a capacity of 750mAh delivers up to 45 hours of battery life.

The soft ear cushions, made from protein leather and filled with special memory foam, provide effective noise isolation - even when using with glasses.

Support for the proprietary HATOR SyncHUB® mobile app allows you to fine-tune audio settings and additional features, including the ability to upload custom voice notifications.

THX Spatial Audio — PC software that adds a new layer of control and personalization to your headset.
Fine-tune your sound with a 10-band EQ, use presets tuned by THX sound engineers specifically for HATOR headsets, and enable smart enhancements such as Volume Leveling, Bass Boost, and Voice Clarity for different listening situations.

THX Spatial Audio+ improves positional accuracy in games, helping you locate sneaking enemies, hear approaching footsteps, and better read the space around you.

Compatible with Windows 10/11 and available in 2.4 GHz wireless mode.

Techninė specifikacija

Performance	
Product type	Headset
Wearing style	Head-band
Recommended usage	Gaming
Headset type	Binaural

Product colour	White
Volume control	Rotary
Control type	Buttons, Rotary
Cable length	1.3 m
LED indicators	Yes
Certification	Hi-Res + LDAC
Ports & interfaces	
Connectivity technology	Wired & Wireless
USB connectivity	Yes
USB connector	USB Type-C / USB Type-A
Bluetooth	Yes
Bluetooth version	5.4
Frequency band	2.4 GHz
Headphones	
Ear coupling	Circumaural
Headphone frequency	10 - 44000 Hz
Impedance	16 Ω
Headphone sensitivity	115 dB
Magnet type	Neodymium
Driver unit	4 cm
Noise canceling	Yes
Noise canceling type	Active
Diaphragm material	Polyethylene terephthalate (PET)
Microphone	
Microphone type	Boom
Microphone sensitivity	-42 dB
Microphone direction type	Unidirectional
Detachable microphone	Yes
Hybrid noise-canceling	Yes
Battery	
Battery operated	Yes
Battery capacity	750 mAh
Continuous audio playback time	45 h
Battery recharge time	2 h
