Aprašymas

The **Ubiquiti UniFi G6 Pro Dome** is a cutting-edge **dome camera** designed for outdoor surveillance, featuring a robust **IP66** and **IK10** rated housing that ensures durability in various weather conditions. Equipped with a **1/1.2" CMOS 8.0 MP** image sensor, this camera delivers stunning **3840x2160 pixel resolution** at 30 frames per second, providing crystal-clear images even in low-light conditions with a sensitivity of **0 Lux (IR)**. The camera's advanced **IR illumination** allows for visibility up to 40 meters in complete darkness, making it an ideal choice for comprehensive security monitoring.

With a versatile **5.9-13.8mm lens** that offers a **2.4x optical zoom** and a wide field of view ranging from **45.5° to 113.8°** horizontally, the UniFi G6 Pro Dome allows for detailed monitoring of large areas. The camera supports various intelligent features such as **motion detection**, **facial recognition**, and **vehicle recognition**, enhancing its capability to provide precise surveillance. Additionally, the integrated **microphone** and **speaker** facilitate two-way audio communication, making it a versatile tool for security management.

Powered by **PoE+** technology, this camera simplifies installation by requiring only a single Ethernet cable for both power and data transmission. The **Ubiquiti** brand is renowned for its reliability and innovation in networking solutions, and the UniFi G6 Pro Dome exemplifies this commitment to quality. With a warranty of **2 years**, this camera is a dependable choice for anyone looking to enhance their security system.
