Aprašymas

THE EVOLUTION OF INNOVATION

The highly successful MC33xx Series is the lightweight, versatile, key-based Android handheld computer that fits right at home in the warehouse, back of the store or the manufacturing floor. The MC33xx Series sets itself apart from the competition by offering four distinct form factors, three keyboards and our industry leading data capture options – that can be tailored to the customers application needs. Take your productivity and efficiency to a new level with the – MC33xx family of handheld computers.

MULTIPLE FORM FACTORS

How can you get greater productivity, efficiency and comfort from a mobile computer? The Zebra MC33xx Series can be configured four ways – pistol-grip, turret with rotating head, straight shooter 0o scan and 45º scan – giving you options for every use case. And they are all designed with ergonomics and performance in mind. Get the mobile computer that factors into more productivity for your business.

RUGGED AND LONG-LASTING

Purpose build for a wide variety of environments – with different levels of performance for drop, tumble and ingress protection. Allowing you to select the best device that is optimized for your use case needs.

WORLD-CLASS DATA CAPTURE

Data capture is a key part of the day-to-day operation of the MC33xx Series. With its extensive selection of data capture options covering short, medium and long range scanning, we have you covered from less than 3 in./7.62 cm all the way up to 70 ft./12.4 m.
