Aprašymas

The Lanberg rack provides a reliable solution for efficient equipment organization and protection. Constructed from cold-rolled steel, this cabinet ensures durability while offering a weight limit of 60 kg, making it suitable for various mounting needs. Designed for wall mounting, it integrates into any environment, optimizing space without compromising on accessibility. The perforated front door and lockable features enhance security, keeping equipment safe.

With a total height of 12 rack units and a standard 19-inch rack size, this cabinet conforms to ETSI, IEC 297-2, and other relevant standards, ensuring compatibility with most hardware. The package content includes essential components such as a grounding cable, mounting bracket, M6 screws, 2 side panels with locks, and a front door lock, providing all that's needed for installation. The single-leafed design is practical for easy access, making this rack functional and convenient.
