Aprašymas

The Lanberg AK-1902-S rack rail mounting kit is engineered for efficient and secure installation in standard 19" racks. Designed with a sliding feature, it allows for easy access to equipment, making maintenance and organization simple and effective. Constructed from durable steel, this mounting kit supports a weight limit of 90 kg, ensuring reliability for various equipment types while maintaining structural integrity. This product is essential for any professional setup needing robust rack solutions. With a height of 1 rack unit, it optimizes space usage and ensures compatibility with standard dimensions. Assembly is required, making it straightforward to install and customize for specific needs.
