Aprašymas

PowerWalker VI 1500 CW is an advanced line-interactive UPS series with pure sine-wave output. Combined with the AVR function for voltage stabilization, this UPS series will provide clean and stable power to the connected equipment. While designed for home and office use, this UPS will also safeguard more sensitive IT and network devices, as well as high-end PC systems. The programmable outlets and comprehensive LCD display present a high degree of functionality and flexibility that are rarely found in other line-interactive solutions.
