Aprašymas

The **Hikvision DS-3E1309P-EI(B)** is an advanced **8 Port Fast Ethernet Smart POE Switch** designed to meet the demands of modern network environments. Featuring **8 × 10/100M PoE ports** and **1 × Gigabit RJ45 port**, this switch provides a robust solution for powering and connecting multiple devices simultaneously. With a total **PoE Power Budget of 110 W**, it ensures efficient power distribution to connected devices, making it ideal for surveillance systems and other PoE applications.

This model supports **802.1Q VLAN** for enhanced network segmentation and security, while the built-in **PoE watchdog** feature automatically detects and restarts unresponsive cameras, ensuring continuous operation. Additionally, the **Hikvision DS-3E1309P-EI(B)** incorporates **STP/RSTP Loop prevention** and **cable detection** to locate faults, providing a reliable and user-friendly experience. With the capability of **up to 300 m Long Range PoE Transmission** and **6 kV Surge Protection**, this switch stands out as a superior choice for any professional networking setup.

Techninė specifikacija

Matmenys ir svoris

Matmenys (I × P × A)	21,00cm × 13,00cm × 9,00cm
Svoris	1,05kg
