Aprašymas

Certification: Information of the utilization of electrical and electronic equipment This symbol indicates that electrical appliances should not be discarded with other household waste. Used equipment should be handed over to a local collection point for this type of waste or to a recycling center. Please contact your local authorities for information about disposal methods available in your area. Waste electrical equipment may contain hazardous substances (e.g. mercury, lead, cadmium, chromium, phthaltes) which can get into air, soil and groundwater when leaking from used appliances. Environmental pollution with these substances leads to their bioaccumulation, causing lesion of disease in living organisms, which would pose a risk to human and animal health or life. Households may contribute to environmental protection by proper waste collection. In such way, hazardous substances from the equipment are neutralized and valuable secondary raw materials are reused for production of new equipment. |

Safety warning: 12. Safety conditions: • Use the product in accordance with its intended use, as improper use may damage the product. • Do not expose the device to moisture, heat or sunlight, do not use the product in a dusty environment. • The device should be cleaned only with a dry cloth. • Independent repairs and modification result automatic loss of the warranty. • Hitting or dropping may damage the product. | Product colour: Black | Connectivity technology: Wired | Cable length: 1.5 m | Power source type: USB | User guide: Yes | Adjustable keyboard height: Yes | Windows
