Pagrindinės savybės

- ✓ Laser-precise measurements of distances up to 50 m
- ✓ Bluetooth connectivity enables result transfers to the Bosch app
- ✓ Integrated functions for easy gauging of length, surface areas, and volumes
- ✓ Ideal for determining square metreage to calculate amount of wallpaper or paint needed
- ✓ Functions include add/subtract measurements and min/max measurements
- ✓ Comes with sustainability features, please find more detail below

Aprašymas

Precise laser measurements up to 50 m with app-connected digital documentation

Renovation planning at your fingertips – not only does the UniversalDistance 50C measure distances up to 50 m with laser precision but it also provides furniture dimensions at a glance. Its integrated functions enable area and volume calculations to determine the amount of material needed for jobs like flooring installations and even wallpaper or paint for wall projects. Its high-quality display presents measuring results for optimum readability. All data can be sent to the Bosch app for digital documentation and project planning, saving time and preventing errors.

Smart measurements with app connectivity

Techninė specifikacija

Features

Type	Laser distance meter
------	----------------------

Distance measuring units	m
Product colour	Black, Green
Display type	Digital
Area measurement	Yes
Volume measurement	Yes
Continuous measuring	Yes
Min/max measurement	Yes
Subtraction/addition	Yes
Performance	
Maximum measurement distance	50 m
Minimum measurement distance	0.05 m
Accuracy	2 mm
Laser class	2
Wavelength	635 nm
Measurement time	0.5 s
Battery	
Battery type	AAA
Number of batteries supported	2
Battery voltage	1.5 V
Auto power off	Yes
Auto power off after	5 min
Weight & dimensions	
Weight	90 g
