Pagrindinės savybės

- ✓ Simple detection of live cables and metal objects up to 70 mm
- ✓ A clear LED traffic light display indicates places where drilling should not be carried out
- ✓ Sound concept with parking-assistance logic indicates found objects
- ✓ Direct start-up thanks to auto-calibration and one-button concept
- ✓ Specific live cable and metal indication via two separate LED displays
- ✓ Comes with sustainability features, please find more detail below

Aprašymas

Quick and easy detection for safer drilling

Quick and easy results – The Truvo detector is the simple solution for scanning walls and ceilings to locate metal objects or live cables. That makes for safer drilling when hanging up pictures or installing lights. An LED traffic light system and warning sound indicate spots where drilling should be avoided. For further convenience, dedicated LEDs with metal and live-wire icons show specifically what the detector has found. A single on-off button and automatic calibration ensure direct start-up for scanning tasks. A language-neutral quick start guide with simple graphics is included to help with correct handling of the tool, ensuring more accurate results.

Difficulty level

Easy

Focused on simplicity

For small to medium-sized tasks

Universal

Focused on functionality and performance for a broader range of tasks

For medium-sized tasks

Advanced

Best performance with enhanced features

Larger and more challenging tasks

Techninė specifikacija

Features	
Detectable materials	Ferrous metal, Live cable, Non-ferrous metal
Product colour	Black, Green
Maximum detection depth (steel)	7 cm
Maximum detection depth (live cable)	5 cm
Auto calibration	Yes
One button operation	Yes
Auto power off	Yes
Auto power off after	10 min
Battery	
Battery type	AAA
Battery voltage	1.5 V
Number of batteries supported	3
Power	
Power source type	Battery
Weight & dimensions	
Width	60 mm
Depth	143 mm
Height	290 mm
Weight	150 g
Matmenys ir svoris	
Svoris	1,00kg
